

**Investing In Your Child's Future,
One Scholarship at a Time.**

On-line Profiling Service

Reduce paperwork and the stress of trying to obtain funds for your student athlete's college education. Exposure means getting more looks, more opportunities, and a higher number of scholarship offers! Profiling is used as a means for student athletes to communicate their strengths, achievements and gives them a voice in the massive pool of athletes graduating every year.

Why the FCAA ?

The FCAA provides an avenue for student athletes who, 99% of the time, do not get exposure to the many collegiate athletic scholarship opportunities that are available. So many parents and student athletes think that the Division I schools are the only schools that give scholarships and they overlook the countless small market schools and endless list of Division II schools. The FCAA exposes the truth that athletic scholarships are out there and almost every athlete in every sport can obtain one.

Are You Eligible ?

Are you eligible to participate in college sports? This question goes unanswered too many times. So that we all understand that there is a process everyone must follow. When scholarship opportunities do come your way, you want to be in position to take advantage of it. Being prepared will make your scholarship search easier than most, so be prepared !
